Great Fries!

Posted by pomondn on 01/05/07

A nice place for a mixed family crowd which also includes a bar for beer and wine. The top choice meat is used and very fresh add-ons. You have to try the hot dog which is imported from the north made with butter and garlic with their toppings. Nice and snappy and great tasting! The fries are out of this world! Made with freshly cleaned potatoes with the peel. I would highly recommend to anyone with a hankering for great burger/hot dog/fries with a beer or two. Service is great! The young crew demonstrates a very high enthusiastic and helpful spirit.
