User Reviews for Foster's Grille

[BEST BURGERS IN CHARLOTTE, Amazing customer service, very family friendly](#)

05/20/2007 Posted by [themba1](#)

Foster's Grille has the best burgers in Charlotte. I love their bacon cheeseburger which is so juicy and flavorful. Their buffalo wings are seasoned perfectly(not too wet, not too dry) and the friendly employees really made us feel so comfortable. Foster's is perfect for kids too, because they have the nickelodeon channel playing on one of their televisions. They even have video games and entertainment near the bathrooms that are fun while you wait for your meal. The ingredients were so fresh and their half pound burger is definitely enough to satisfy a big appetite. Everytime my girlfriend and I travel to another city, we always go searching for the best burger joints in that particular city, and Foster's is by far the best, all around. We ended it off with some chocolate chip cookies that tasted just like they were home baked and fresh. They only have one location in Charlotte, so if you live in NC, it's definitely worth the drive. We live in Virginia and are lucky to have a Foster's Grille nearby. We make it a plan to eat there at least once a week, because it is just so so delicious. Gooooooooooooo Fosters!

Pros: Outside seating for nice days, Great food
